

Experienced Landscape Designer:

SCAPE is seeking a Landscape Designer with five to seven years of work experience in the field for our team of innovative and creative thinkers. SCAPE is a leading landscape architecture and urban design studio based in New York City. Our work integrates natural cycles and systems into environments across all scales, from the urban pocket-park to the regional ecological plan through built landscapes, planning frameworks, research, books, and installations - with the ultimate goal of connecting people to their immediate environment and creating dynamic and adaptive landscapes of the future.

Ideal candidates should have five years' work experience or more, with an emphasis on project management, landscape construction, and ecological design. They should have experience designing landscapes and managing projects across a variety of scales. They must be comfortable working in a fast-paced environment on multiple teams. Experience with public sector clients is a plus.

Educational and Skill Requirements: Bachelor or Master of Landscape Architecture, proficiency in Microsoft Office, Adobe Creative Suite, AutoCAD, Rhino, Grasshopper, 3DStudioMax/V-Ray. Experience with GIS software is a plus. Experience in the production of concept presentations and production of document sets.
