PROJECT DESIGNER

SCAPE / Landscape Architecture is looking for a candidate to join our firm as a **Project Designer**.

Ideal candidates should have one to two years of professional experience with an emphasis on technical documentation, iterative site design, and ecological design. Candidate should be eager to work in a fast-paced team environment and should have experience developing design iteratively. Demonstrated competency in project documentation and drafting is a must. All candidates should be well-rounded designers, detail oriented, open collaborators, and possess good communication skills. Candidate should feel comfortable developing projects from concept to construction while playing different roles within a design team.

POSITION REQUIREMENTS:

- Undergraduate or Master's degree in Landscape Architecture from an accredited University program.
- 1-2 years working in the landscape architecture profession.
- Experience producing technical drawings and iterative design studies.
- High level of proficiency in Adobe Suite, AutoCAD, and Rhino or other three dimensional modeling software. Grasshopper experience preferred.

Please send a resume and work samples in pdf format, under 5 MB, to jobs@scapestudio.com No phone calls please. If interested, please respond by **July 31st, 2020**.
