SENIOR ASSOCIATE / TECHNICAL ADVISOR

SCAPE / Landscape Architecture is looking for a candidate to join our firm as a **Senior Associate / Technical Advisor**.

Ideal candidates should have twelve or more years of professional experience, with an emphasis on project and studio management, technical documentation (drawings and specifications), and landscape construction. Candidate should be eager to work in a fast-paced collaborative environment and should be experienced in designing and documenting complex landscapes while advancing and managing projects across a variety of scales. All candidates should be well-rounded designers, detail oriented, open collaborators, and possess good communication skills. Candidate should be experienced in all aspects of technical documentation, QA/QC, developing and managing project budgets, collaborating directly with multi-faceted or complex client groups, leading and coordinating large consultant teams, and managing several design teams simultaneously in varying project phases.

POSITION REQUIREMENTS:

- Undergraduate or Master's degree in Landscape Architecture from an accredited University program.
- 12+ years working in the landscape architecture profession.
- Professional licensure is preferred.
- Demonstrated experience leading teams of designers on complex projects from concept to construction.
- Experienced in QA/QC and internal technical document review.
- Experience leading multidisciplinary teams with extensive coordination between consultants.
- Experience collaborating and directly interfacing with public and private client or stakeholder groups of varying sizes types.
- Demonstrated experience in construction administration and developing complex landscapes-on-structure are a plus.
- High level of proficiency in MS Office, project management software, Adobe Suite, AutoCAD. Proficiency in Rhino, Sketch up, or other three dimensional modeling software preferred.
