## **PROJECT MANAGER/PROJECT DESIGNER**

SCAPE / Landscape Architecture is looking for a candidate to join our firm as a **Project Manager / Project Designer**.

Ideal candidates should have three to five years of professional experience with an emphasis on technical documentation, iterative site design, and ecological design. Candidates with experience in project management and landscape construction administration will be given priority. Candidate should be eager to work in a fast-paced team environment and should have experience designing and documenting complex landscapes while contributing to the advancement of multiple projects across a variety of scales. All candidates should be well-rounded designers, detail oriented, open collaborators, and possess good communication skills. Candidate should feel comfortable developing projects from concept to construction, working directly with clients, coordinating with other disciplines, and playing different roles within a design team.

### **POSITION REQUIREMENTS:**

- Undergraduate or Master's degree in Landscape Architecture from an accredited University program.
- 3-5 years working in the landscape architecture profession.
- Demonstrated experience producing technical drawings sets and some project management and coordination.
- High level of proficiency in MS Office, Adobe Suite, AutoCAD, and Rhino or other three dimensional modeling software. Grasshopper experience preferred.
