

INTERNSHIP

SCAPE is currently looking for self-motivated, inspired, and team-oriented interns. Our interns are fully integrated into our project teams and assist in all aspects of SCAPE’s work – from research to design, to drafting, to rendering. Depending on the scale and stage of the project, interns may also attend meetings and make site visits. Due to COVID-19, our offices are currently remote, however, candidates with proximity to the NYC or NOLA offices may have the opportunity to voluntarily work in the office, meet-up with team members and of course socialize with coworkers outside of the office at safe, social distances.

Our spring internship runs for 12-16 weeks with flexible dates. We also support longer-term internships of at least 4 – 6 months for academic credit or a stipend. For these longer periods, we encourage students working for school credit to apply. Unfortunately, we cannot sponsor visas for semester-long internships. Interns will receive \$880/week.

SCAPE Landscape Architecture is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, gender, religion, sexual orientation, gender identity and expression, national origin, age, disability, genetic information, marital status, amnesty, or status as a covered veteran in accordance with applicable federal, state, and local laws.
