

DESIGNER

About SCAPE

SCAPE is a leading landscape architecture and urban design studio based in New York City with an office in New Orleans. Our work integrates natural cycles and systems into environments across all scales, with the ultimate goal of connecting people to their immediate environment and creating dynamic and climate-adaptive landscapes of the future.

About the Role

SCAPE is for a candidate to join our firm as a Designer. Ideal candidates will have two to five years of professional experience with an emphasis on technical documentation, iterative site design, and ecological design. Candidates with experience in project management and landscape construction administration will be given priority. Candidates should be eager to work in a fast-paced team environment and should have experience designing and documenting complex landscapes while contributing to the advancement of multiple projects across a variety of scales. All candidates should be well-rounded designers, detail oriented, open collaborators, and possess good communication skills. Candidates should feel comfortable developing projects from concept to construction, working directly with clients, coordinating with other disciplines, and playing different roles within a design team.

Please note: For the time being, SCAPE staff are currently working remotely in accordance with city, state and federal guidance. As public health guidelines evolve in the coming months, adjustments may be made to our in-person working capacity.

How to Apply

Please email a resume and work samples in PDF format (under 5 MB) to to jobs@scapestudio.com. Please include "SCAPE Designer" in the subject line of the email. No phone calls please.

Required Experience

- Undergraduate or Master's degree in Landscape Architecture from an accredited University program;
- 2-5 years working in the landscape architecture profession;
- Demonstrated experience producing technical drawings sets and some project management and coordination;
- High level of proficiency in MS Office, Adobe Suite, AutoCAD, and Rhino or other three-dimensional modeling software. Grasshopper experience preferred.

SCAPE is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, gender, religion, sexual orientation, gender identity and expression, national origin, age, disability, genetic information, marital status, amnesty, or status as a covered veteran in accordance with applicable federal, state, and local laws.
